

VBE-M

name Mobile animal stunning device

symbol VBE-M

index M0056/M

purpose       

input	U = 230 V (rated voltage)
	f = 50 Hz (frequency)
	P < 700 W (maximum power)
	I < 3 A (maximum current)
output	U < 400 V (maximum output voltage)
	I = 0,02÷2,5 A (stunning current range)
	f = 50÷800 Hz (frequency range)
	t = 1÷99,9 s (stunning duration)
operation modes	mains mode
	battery mode
end of stunning process	in automatic mode
	in manual mode - after sound signal
duty cycle	S2 240
VBE-M stunning unit IP rating	IP 55
power system IP rating	IP44
safety	protection class – I (for mains mode)
	animal detection system
	isolating transformer
	measuring voltage ~ 15 V
number of stunning programs	9
change of stunning parameters	directly on the device
	by the manufacturer - mail/SD card
weight	70 kg
dimensions	1270 x 680 x 600 mm
length of power cord	0,5 m
